SUMMARY

Seeking an internship at a software house to enhance and refine software development skills while actively contributing to real-world projects. Eager to gain valuable practical experience in the field. Demonstrates proficiency in graphic design tools such as Adobe Photoshop and Canva, as well as video editing software like Filmora and Kinemaster. Possesses a strong aptitude for creating visually captivating designs and skillfully editing videos.

PROJECTS

Designed Wedding Cards in Photoshop

As a part of my creative endeavors, I undertook a project to design wedding cards using Adobe Photoshop. This project allowed me to showcase my skills in graphic design, attention to detail, and creativity. I utilized the various features and tools of Photoshop to create visually stunning and personalized wedding card designs.

Creating Digital Collage

I embarked on a project to create a digital collage. This project allowed me to explore the basic tools and features of Photoshop while exercising my creativity and design skills. By working on a digital collage, I learned the fundamentals of layering, image manipulation, and composition in Photoshop.

Cinematic Wedding Video

I delved into the world of cinematic wedding video production, showcasing my skills in videography, editing, and storytelling. With a keen eye for capturing precious moments and a passion for visual storytelling, I created unforgettable wedding videos that beautifully captured the essence of couples' special days.
